MEMORANDUM FOR: Director of Logistics

25X1A5a1

SUBJECT 25X1A5a1: Negotiation of Contract with [REDACTED]
[REDACTED] for Improvements
To the CS-54 Collection System

25X1A5a1

25X1A5a1

1. The CS-54 Collection System was developed by [REDACTED] and delivered in June 1964. Subsequent field testing revealed a high false alarm rate resulting from deficiencies in detection circuitry. Other shortcomings were also noted during the course of field tests.

2. The contractor was requested to design modifications to improve system performance and provide a visual display of frequency data.

3. The attached proposal outlines certain modifications to improve performance of the CS-54 system. The proposal has been reviewed by this Office and found to be acceptable. It is therefore requested that a contract be negotiated with [REDACTED] for this purpose. Acquisition ELR-225-65, attached, substantiates that funds in the amount of [REDACTED] have been obligated for this purpose.
